Clay King, with any kind of stud opportunities, would display be in the first fight of successful sires of extreme speed, is stud career is practically inst begun, and there is not a presenan in the Blue Grass State who does not regard him as wonderful sire of early and extreme speed. Every man at elexington track has seen his get accomplish what has ever been done by the produce of any other horse; they ave seen his yearing step quarters in 251-4 second and then all for startling prices; they have seen his older representaves show as much speed, gameness and genuine race horse audities as those of any sire ever quartered in Kentucky.

Clay King will make the season of 1905 at the feed and ale stable of W B Burton, in Lancaster at the low price of TWELVE DOOLLARS and FIFTY CENTS.
